

Texas Society of Anesthesiologists
Invites You to
the

2021 Annual Meeting
September 9-12, 2021 * JW Marriott Hill Country Resort * San Antonio, TX

It goes without saying that this past year brought unprecedented challenges, and we have all had to make adjustments to meet the many demands required of us over the last few months as we adjust to the new status quo. The TSA is not an exception. 2020 marked the first time that we had to cancel our live meeting since its inception in the early 1970s.

Despite this, we are excited to announce that with the vaccine roll out and lifting restrictions the TSA is making plans to return to a live meeting this year! While technology has provided us with new and innovative ways of making connections, we are excited about getting back to meeting and talking with people face-to-face.

The Texas Society of Anesthesiologists, the medical specialty society for anesthesiologists in Texas, invites you to exhibit at the 2021 Annual Meeting Showcase as we return to meeting in person. It will be held **September 9-12, 2021** at the JW Marriott Hill Country Resort in San Antonio, TX.

The TSA Annual Meeting enjoys a tradition of strong educational programming and committed attendees. The 2021 conference provides opportunities not only for the anesthesiologists of this society but also for you, a potential partner with us. The 2021 conference will offer many social and educational opportunities for you to meet with the decision makers in the field of anesthesiology and allow one-on-one contact with them. In past years, the conference attracted over 650 physicians in the field of anesthesiology and pain management o all under one roof. There is no other CME program in the state particularly geared toward this group of professionals.

The exhibit hall will officially open at 6:30 p.m. on Friday evening with a welcome reception for all attendees, their guests, and exhibitors. We will continue to include door prizes, food and beverage stations scattered throughout the hall, and special announcements. These events will contribute to a successful show for those involved. The exhibit hall will close at 2:00 pm on Saturday, September 7th. The TSA will, of course, make provisions to insure everyone's safety by taking proper precautions.

Contact the TSA office at 512-370-1658 or via email at meetings@tsa.org for more information. You can also visit our website at www.tsa.org.

We hope you are able to join us as we celebrate our return to a live in-person meeting!
