

Virtual SOAP FUNDAMENTALS

January 28, 2023 & February 11, 2023

Join us for SOAP Fundamentals, our **NEW** program designed for under-resourced areas.

Research indicates that there are areas in the United States where access to obstetric anesthesia care is limited or unavailable. In these areas, the healthcare team may be comprised of obstetricians, family physicians, anesthesiologists, CNRAs, and other medical professionals who are not formally trained in OB Anesthesia.

SOAP Fundamentals is designed to enhance the knowledge base of these healthcare teams in an effort to fulfill SOAP's mission of advancing and advocating for the health of pregnant women and their babies through research, education, and best practices in obstetric anesthesia care.

Paced Learning

This event is paced to accommodate your schedule with three phases, including a live virtual event with faculty, self-paced study, and a final live wrap-up session with faculty for questions and answers.

Phase 1: Jan. 28, 8:00am - 11:20am - Live Virtual Event

Phase 2: Jan. 29 - Feb. 10 - Self Paced Online Resource Materials Review

Phase 3: "Office Hours" Live Virtual Event

CME & CEU

The American Society of Anesthesiologists is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American Society of Anesthesiologists designates this activity for AMA PRA Category 1 Credit™.

This program has been prior approved by the American Association of Nurse Anesthesiology for 8.75 Class A CE credits; Code Number 1042893; Expiration Date 2/11/2023.

LIVE EVENT TOPICS & FACULTY

Maternal Mortality Overview
Carlos Delgado, MD

Anesthesia for Cesarean Delivery
Emily Dinges, MD

Peri-partum Cardiac Arrest
Kaitlyn Brennan, MD

Neuraxial Ultrasound
Beth Clayton, CRNA

Thrombocytopenia
Stephanie Raschilla, CRNA

Neurological deficits after
Neuraxial Anesthesia/Analgesia
Amy Lee, MD

Amniotic Fluid Embolism
Benjamin Cobb, MD

SELF PACED ONLINE RESOURCE MATERIALS TOPICS & FACULTY

- Neuraxial Analgesia - Barbara Orlando, MD
